Training and support

All of our Trainee Solicitors will be mentored by one of our Partners and you will have an all-round experience of working in a busy, independent, law firm. You will be encouraged to take responsibility right from the beginning and will be working on live case files and interacting with our clients.

You will also be expected to participate in marketing events and attend any in-house and external training courses. This will give you the added benefit of seeing Kerry Underwood, one of the leading legal trainers in the country, at first hand delivering lectures and seminars to the legal profession.

About us

We are an independent law firm located in the centre of Hemel Hempstead and have an office in Cape Town, South Africa, and have been established for over 25 years. The staff in our Cape Town office provide full administrative support to the Hemel Hempstead office including dealing with all typing of digital dictation for the lawyers.

Kerry Underwood is preeminent in his field of legal costs and funding and is well known throughout the legal profession as one of its foremost thinking legal minds.

We act for a wide range of individuals including actors, sportsmen and sportswomen and members of parliament as well as organisations large and small national and international and sports clubs.

The firm plays an important role in the community and has close links through sponsorship of the local Football and Rugby teams as well as supporting a local school for special needs children. We are involved in several charities including the Lord's Taverners, and the Snow Foundation, which provides access to sport for disabled and disadvantaged children.

You will be expected to play a full part in these community activities as part of our team.

We are an equal opportunities employer and pride ourselves on our flexible approach to work/life balance while ensuring the very highest standards to our clients.

Interested?

This is a demanding role and a probationary period will be served to ensure you have the necessary credentials to succeed in this role but in return you will receive the highest level of training with close supervision and the chance for early responsibility.

For the right candidate this is a fantastic opportunity not only to be trained as a top quality solicitor but for a career in a firm looking to the future.
